【原著】

1. Miyamoto T, Haruki T, Makishima K, Matsui S, Oshima Y, Umekita Y, Nakamura H.
The prognostic implications of podoplanin in cancer-associated fibroblasts and PD-L1 expression in high-grade neuroendocrine carcinoma of the lung.
Thorac Cancer 15(36):2519-2529, 2024.
2. Yasui C, Kono Y, Ishiguro R, Yagyu T, Kyoichi K, Yamamoto M, Matsunaga T, Takano S, Tokuyasu N, Sakamoto T, Hasegawa T, Umekita Y, Fujiwara Y.
New Treatment Modalities for Colorectal Cancer Through Simultaneous Suppression of FSP1 and GPX4.
Anticancer Res 44(11):4905-4914, 2024.
3. Hosoya T, Kambe A, Kesumayadi I, Makishima K, Sueyoshi S, Sakamoto M, Kurosaki M.
Mechanism and significance of diffusion restriction followed by calcification in high-grade glioma treated with bevacizumab.
Sci Rep 14(1):26419, 2024.
4. Matsushige T, Sakabe T, Mochida H, Umekita Y*.
Opposing Functions of Maspin Are Regulated by Its Subcellular Localization in Lung Squamous Cell Carcinoma Cells.
Cancers (Basel) 16(17):3009, 2024. *corresponding author
5. Sawata S, Shimizu S, Matsumi Y, Kono Y, Kihara K, Yamamoto M, Sakamoto T, Umekita Y, Fujiwara Y.
BMP Signaling Is a Prognostic Marker in Patients With Colorectal Cancer and Associates With Frailty.
Cancer Diagn Progn 4(4):416-423, 2024.

【症例報告】

1. Takeuchi M, Murakami T, Noguchi N, Tajiri Y, Kishi M, Sakuwa M, Kuwamoto S, Adachi T, Hanajima R.
MR imaging findings of primary ovarian carcinoid: A novel finding of T1 hyperintense solid tissue.
Radiol Case Rep 19(7):2816-2819, 2024.
2. Fujii S, Mukuda N, Yunaga H, Gonda T, Fukunaga T, Kamata Y, Ochiai R, Ozaki K.
MR imaging findings of massive perivillous fibrin deposition of the placenta: A case report.
Radiol Case Rep 19(7):2797-2800, 2024.
3. Yamaga K, Kuwamoto S, Tanishima S, Yamashita H, Asano N, Matsushita M, Akahori

K, Osaki M, Hisaoka M, Nagashima H.

An unresectable osteoblastoma of the axis controlled with denosumab.

J Orthop Sci 29(1):379-383, 2024.

【学会発表】

1. 持田洋利、坂部友彦、新宮崇之、池田衡平、牧嶋かれん、尾崎加苗、梅北善久：
細胞質でのMaspin発現は、腭癌細胞の浸潤能に関わる
第113回日本病理学会総会，名古屋，3月，2024.
